Lead Time Guide

Standard Textiles | North America

Textile Lead Time Policy

To help clarify how we calculate textile lead times, we've outlined the key details below. Understanding these points will help ensure a smooth and predictable process for your project.

Understanding Textile Lead Times

- **What's Included:** A textile lead time covers the period from when we receive a clean order to when the textile is delivered to a Haworth facility.
- **What's Not Included:** This timeframe does not account for Haworth's own production lead time or the final transit time to your destination.
- **Alliance and COM Program:** All textiles graded-in within the Alliance and COM program continue to have variable lead times based on the mill.

Important Considerations

- **Variability:** All lead times, for both stocked and extended fabrics, are subject to change based on order volume and supplier capacity. For the most accurate information, please consult the furniture Lead Time Guide for your specific product.
- **Multi-Product Orders:** Orders containing several different products will automatically be scheduled based on the item with the longest lead time, unless they are manually reassigned to a different delivery group.
- **Special Orders:** Please note that the following may have extended lead times not reflected in this program:
 - Tailored Solutions
 - Customer's Own Material (COM) and Customer's Own Leather (COL)
 - Haworth Alliance fabrics
- **Date Revisions:** Initial acknowledged ship dates are estimates and may be updated after further evaluation.

Confirming Your Order's Timeline

- **High-Volume Projects:** We recommend contacting your customer service representative to confirm textile availability and lead times for large projects.
- **Expedited Programs:** For rush orders, mock-ups, or corrections (such as Haworth NOW), we will make every effort to meet your timeline. However, textile availability can impact the overall delivery schedule.
- **Order-Specific Questions:** For confirmation on any specific order, your customer service representative is always your best point of contact.
- **General Lead Time Questions:** Reach out to OneTouch@Haworth.com.

HAWORTH

Standard Lead Time

The following textiles and all associated material codes are available within standard product lead time. Please refer to the specific product's Lead Time Guide for any additional lead time considerations. All lead times—whether for stocked or extended fabrics—are subject to change based on order volume and supplier capacity. For high-volume projects, please contact One-Touch to confirm textile lead times.

Extended Lead Time

The following textiles and all associated material codes are subject to extended lead times from the mill. The textile lead time does not include Haworth production lead time or transit time to the final destination. Please refer to the specific product's Lead Time Guide for any additional lead time considerations. All lead times—whether for stocked or extended fabrics—are subject to change based on order volume and supplier capacity. For specific lead times on extended textiles or order-specific confirmation, please reach out to One-Touch. Textiles noted with an asterisk (*) have extended lead times due to their communicated discontinuation date.
