

Features and Specifications

Frames

The frames are powder coated metal and include a black rail for curtains.

Curtains

Optional fabric curtains can be specified in symmetrical or asymmetrical configurations.

Worktops

Worktops are available finished with a wood top. The frame and legs are powder coated metal. Side A and Side B worktops are available for frames 47.25" or 59" deep. They can be positioned on the left or right side of the frame and can be specified with one cutout for power. The full worktop is available for frames 63" or 94.5" wide and can be specified with two cutouts for power.

Shelves

Coordinating shelves are available finished with a wood top. The frame is powder coated metal. The side A and side B shelf can be positioned on the left or right side of the frame.

Universal Mount

The universal mount is made of powder coated metal and can be used for displays, TVs, or accessories. The universal mount holds a maximum weight of 45 pounds. In order to meet the requirements for the maximum amount of weight, the load must be directly attached to the frame. Telescopic brackets for displays will limit weight due to leverage effect. A minimum of four connection points/screws need to be used and must be positioned at least 8" from each other.

Pinboard

The pinboard can be hung in a horizontal or vertical position. It is upholstered in BuzziFelt (BFE) and has metal screws. The pinboard can be specified with contrasting colors.

Hook

The hook is made of Antwerp Oak (BAO-ANT) and has a black screw.

Flag

The flag is made of Antwerp Oak (BAO-ANT) and is mounted with a magnet to the frame.

Hammernuts

Hammernuts are available in a set of 10 and used for mounting other accessories with M6 screws or bolts.

Netbox Point Single Power Modules

The optional power modules should be specified in line with the specific cutout of the worktop it will be used with. The netbox point single power module is used with side A and side B worktops and has an overall cable length of 118.11". The module includes one power socket and two communication modules. Each unit ships with a set of three communication modules: one HDMI, one data, and one USB 2.0 (not charging). Two of the three included modules are field selected to connect to the netbox point. A cable entry ring in Black (BTR-9005) or Alu (BTR-9006) is included. Optional cable management is available. Cable management includes two grey horizontal cable clips that are installed under the worktop as well as one black vertical cable manager. The vertical cable manager includes polypropylene vertical cable runs, a painted steel baseplate, table attachment, and screw set.

Netbox Point Double Power Modules

The optional power modules should be specified in line with the specific cutout of the worktop it will be used with. The netbox point double power module is used with full worktops and includes two power modules with an overall cable length of 118.11". The module includes one power socket and two communication modules. Each unit ships with a set of three communication modules: one HDMI, one data, and one USB 2.0 (not charging). Two of

the three included modules are field selected to connect to the netbox point. A cable entry ring in Black (BTR-9005) or Alu (BTR-9006) is included. Cable management includes two grey horizontal cable clips that are installed under the worktop as well as one black vertical cable manager. The vertical cable manager includes polypropylene vertical cable runs, a painted steel baseplate, table attachment, and screw set.

Cable Box Single

The cable box single is used for small and large meeting tables and includes two power options. Option A has four power socket ports and option B has two power socket ports, a port with two USB 2.0, and a port with two data. A cable entry ring in Black (BTR-9005) or Alu (BTR-9006) is included. Cable management includes a horizontal cable manager and a vertical cable manager. The vertical cable manager includes polypropylene vertical cable runs, a painted steel baseplate, table attachment, and screw set.

Additional Notes

BuzziBracks features acoustic attenuation, diffusion, and absorption for low tones, mid tones, and high tones.
